A b o u t U s

Established in the year, **1992** at Howrah, West Bengal – India, we, “**Asit Iron Foundry Pvt. Ltd.**” are reputed company engaged in **manufacturing, exporting** and **supplying** a wide range of **Engineering Casting** and also offer **Bearing Housing & Helical Gearbox**. We also have a sister concern company, **A.T.S. Engineering Works** that is located at Balitikuri, Bakultala, (Howrah, West Bengal, India). Our portfolio comprises **Pipe Fittings Castings, Pump Castings, Bearing Housings** and **Valves**. These are manufactured by experienced professionals conforming, to the **IS** standards using premium quality raw materials and advanced production techniques. Our products are well known for matchless features like robust construction, sturdiness, resistance to corrosion & abrasion, dimensional accuracy and high tensile strength. Offered at market leading prices, these are widely demanded for various application in industries like **Automotive, Locomotive, Construction, Power Plants** and **OEMs**.

The organization is adamant in providing qualitative range of products, to ensure customer satisfaction. To uphold this, we pay special importance to the quality of raw materials that are procured from trusted vendors of the market. Our infrastructure are constantly upgraded with the latest technological advancements, to ensure dimensional accuracy, excellent finishing and other value-additions in the products. The quality control department is given the authority to cross-check the production process and the entire products before the final dispatch. Besides, we also provide other facilities like flexible payment modes, sound packaging, user manual and many more for their convenience. We have a state-of-the-art manufacturing unit, which is equipped with the cutting edge technology and other advanced amenities.
